

Scottish Natural Heritage grant programme

Feedback form

We have recently changed our grant programme and would appreciate your help in assessing the application process. In 2005 we developed the eight grant schemes, and the associated programme guidance and application form. We also introduced application deadlines for the first time.

Please fill in this form **after** you have filled in your grant application form. Your comments will help us to improve our application materials and procedures.

The answers you give here will **not** affect our assessment of your application.
